Beautify with Bronze

FOR CENTURIES BACK, bronze has been the medium of which artistic memorials have been created to survive for generations to come. Why? Because, bronze the metal of the ancients — the metal of countless tomorrows — is everlasting and knows no wearing away. In fact, time but enhances its inherent beauty — bringing out the rich and mellow coloring of the bronze itself.

Ever since 1882 — we have specialized in the hand-crafting of finest cast bronze memorial tablets, nameplates, signs, letters, as well as memorial and architectural non-ferrous metal work of every description.

Only the finest of bronze is used in the casting of a Newman bronze tablet — bronze of a mix consisting of 85% copper, 5% zinc, 5% tin and 5% lead. This formula, has both by test and experience proved to be the best for obtaining a smooth casting — and is one that will defy the ravages of time and weather.

Every casting is carefully finished by precise hand-chasing and tooling. All letters are free from crude clinging appendages. The background bears no trace of sand pits or other casting defects.

In fact, a Newman bronze tablet is in every sense a cast bronze tablet reflecting the very best in quality and workmanship possible. Yet, hand in hand with quality and beauty — go moderate prices.

Our tablets may be had in either a golden brown statuary finish or in an antique green finish — the latter resembling the bronzes of old. However, unless otherwise specified, our tablets are always oxidized to a rich, mellow statuary bronze. The borders and letters will be lustrously polished to afford a striking contrast to the stippled, and deeper bronze background.

In this catalog we have pictured but a few of the many styles of tablets we are prepared to make. These designs, we feel, will offer you help in selecting a suitable style of tablet for your use.

Should you have in mind a design not illustrated, just make your needs known to us, and we shall be only too willing to design something special for you.

SUGGESTIONS FOR ORDERING

1. When sending us the wording for your tablet, please be sure that it is typewritten or hand-printed — to avoid misinterpretation.
2. Be sure to give the exact size, and indicate which of the measurements is the width — and which is the height.
3. Also, specify what type material plate is to be affixed to, so we can furnish appropriate attachments.
4. Sketches or proof-rubbings of the set-up pattern furnished only upon request.

TERMS: All list prices are f. o. b. cars Cincinnati. Persons not well rated are requested to mail satisfactory credit references, or a deposit equivalent to one-third the total amount — unless your account can be guaranteed.

... Bronze by Newman ...

FOR PERMANENCE AND EVERLASTING BEAUTY

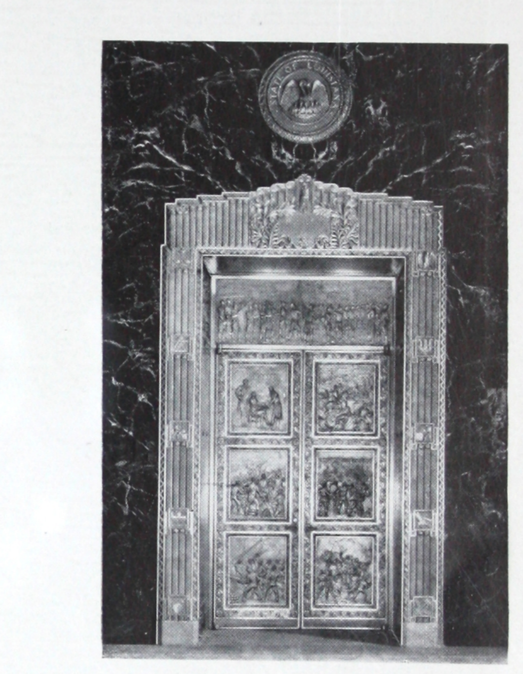

A silent, yet impressive testimonial to the rare beauty and artistic workmanship of "Bronze by Newman" is the exquisitely crafted ornamental bronze work which adorns the renowned Louisiana State Capitol at Baton Rouge. The views below picture but a small portion of the $250,000.00 bronze work furnished. Weiss, Dreyfous and Seiferth, New Orleans, architects; Geo. A. Fuller Co., Washington, D. C., General Contractors.

The main entrance to the Capitol is elaborately decorated with bronze, intricately designed and beautifully fashioned.

One of the many cast bronze lighting fixtures to illuminate the interior. This particular fixture weighs over two tons, and measures ten and a half feet from the top to bottom.

One of a pair of massive cast bronze panelled doors, opening into the House and Senate chambers.

Louisiana State Capitol
Newman Bronze Within and Without

Each panel comprising both the Senate and House doors represents an important event in the history of Louisiana. The above plaque symbolizes the visit of LaSalle to the Kappas and Arkansas Indians in 1682.

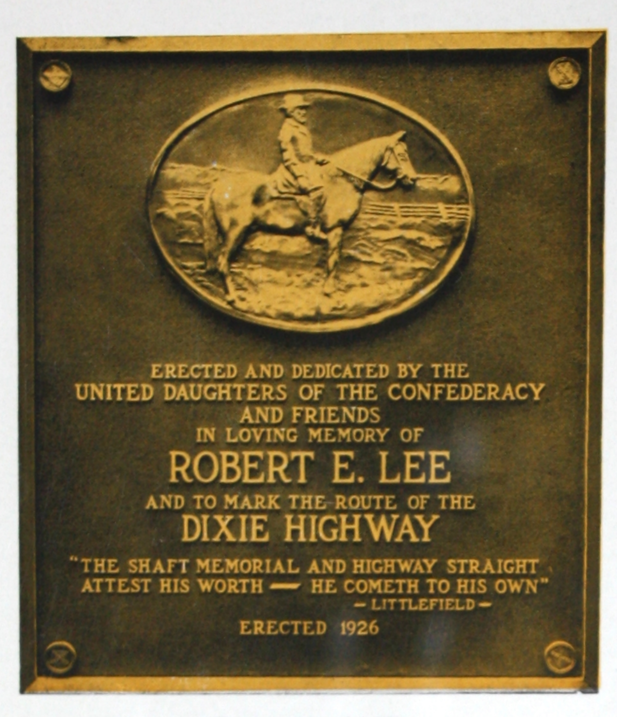

The above illustration portrays a ten foot, two inch circular cast bronze map of Louisiana, inlaid in the floor of the Capitol foyer.

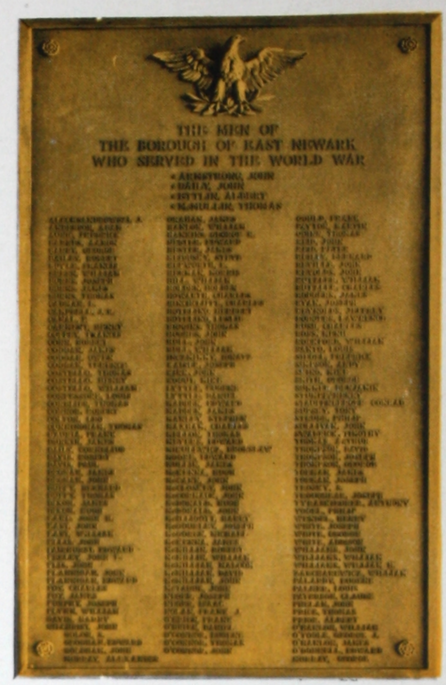

Another one of the historically significant cast bronze door panels. This one represents the signing of the treaty with the Caddo Indians, 1835.

Design No. N-265

The Official Real Daughter Marker. Size 8″ x 12″, complete with either stake or lugs. Price **$8.00** net f.o.b. Cincinnati, including title "Real Daughter" and name of chapter.

Design No. N-854

Design No. N-609

Official Grave Marker for the Daughters of the American Colonists. This marker measures 5½″ x 8″, and comes complete with either a stake for driving into the ground, or lugs on the back for setting into stone. Price **$7.50** net f.o.b. Cincinnati.

Design No. N-265-B

THE OFFICIAL LAY MEMBER MARKER

This marker should be placed on the grave of every deceased member of the N. S. D. A. R. In so doing, you carry out the same principle as the wearing of the official insignia through life. This marker is now sent instead of flowers when a member passes on. Flowers are a perishable tribute, whereas a cast bronze marker is everlasting. Of solid cast bronze, beautifully finished, the marker measures 7 inches from star to star and 10½ inches from the top of the distaff to the bottom.

Complete with stake, or lugs, the marker is priced as follows:

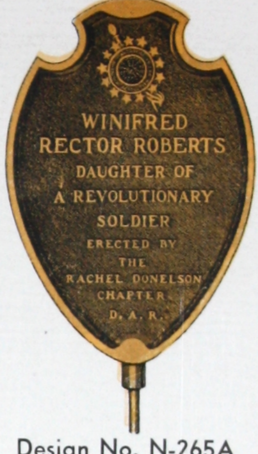

One only ______$5.50 net, f.o.b. Cincinnati
Two or more___ 5.22 ea., net, f.o.b. Cincinnati
Six or more___ 4.95 ea., net, f.o.b. Cincinnati
Twelve or more 4.40 ea., net, f.o.b. Cincinnati

If the additional nameplate is wanted, the extra charge is $2.75, if just the name of the daughter is inscribed thereon. Or, if just the chapter placement inscription (as illustrated) is desired, the cost of the plate is $3.50. If both the name of daughter and chapter placement inscription are wanted, the plate will then cost $4.00 extra.

Design No. N-607

Rotary Club Emblem of cast bronze or aluminum. Stock sizes 6″, 12″ and 18″. We also manufacture emblems for other luncheon clubs—Kiwanis, Lions Club, Exchange, etc.

Design No. N-265A

Marker for a Daughter of a Revolutionary Soldier. Size 8″ x 12″ — this marker is used to mark the grave of a daughter of a soldier — such daughter never having been a member of the N. S. D. A. R. Price **$8.00** net f.o.b. Cincinnati. At this price marker bears title and chapter name. Name of daughter $2.00 additional.

Design No. N-264

The Official Revolutionary Soldier Marker. Size 6″ x 9″, complete with stake or lugs. Price **$9.75** net f.o.b. Cincinnati. Price includes marker to bear title "Revolutionary Soldier," dates and name of chapter. Name of soldier $2.00 extra.

Design No. N-608

Official Grave Marker for the National Society of New England Women. Of solid cast bronze, 7″ overall, it comes complete with a bronze stake, or lugs cast on the back. Price **$7.50** net f.o.b. Cincinnati.

. . . Everlasting Cast B

Standard GARLAND Design

- STANDARD SIZES—All of the designs illustrated come in the standard a 10″ x 22″. We have stock patterns for three designs of infant's grave ma and 8″ x 12″, and a special Cherub style in a size 8″ x 15″.
- DURABLE YET INEXPENSIVE—Cast bronze grave markers are used in place the most inexpensive grade of stone. Bronze is more durable, and will ne
- MARKERS OBTAINABLE WITH OR WITHOUT VASE—Any of the designs are one-piece castings, whether with or without vase. The vase, too, is
- MARKERS CAST OF FINEST BRONZE—These markers are cast of everlasting bronze, consisting of 85% copper, 5% zinc, 5% tin and 5% lead. This mix has proven to be the best for obtaining a smooth casting and for weathering purposes, as well.
- FINESSE OF WORKMANSHIP—There is nothing of the "commercial" about our bronze tablets. Each bronze marker is precisely hand-finished throughout—all letters being carefully hand-chased and tooled so as to render every detail smooth and fine. These bronze markers are absolutely free from pits and scars.
- CHOICE OF BACKGROUND FINISH—Markers may be ordered in a plain sanded finish background or if preferred with a Morocco or leather-effect background. We recommend the latter type, for it gives a "hand-modeled" effect, and is most artistic. Markers may be had in a rich golden brown statuary color, or in antique green.

Standard CLASSIC Design

Standard LAUREL Design

- When the cast bronze flower vase is not in use, it can be inverted so as to nest snugly into an underground bronze receptacle which is a part of the vase marker. The strong bronze chain prevents any possible theft of the vase. A slight turn of the vase to the right automatically locks it in place.

- CAST VASE FEA than serves its pu sightly rusty conta litter up the cem urn will accommo stemmed flowers, of blooms. The va not come apart or

...trated may be ordered with or without the vase combination. All of our markers ...bronze, cast in one piece.

- CHOICE OF LETTER STYLES—Markers may be ordered with either flat face Roman design letters, or, with round face letters. All letters and ornamentations are beautifully polished to a lustrous satin finish to contrast with the background.
- FRATERNAL EMBLEMS—We will add the emblems of any nationally recognized fraternal organization to any of our markers, at no extra cost. By any "national organization" we mean such societies as the Masonic Order, American Legion, Elks, Knights of Columbus, Boy Scouts, etc.
- OTHER IMPORTANT FEATURES— These markers are designed to shed rain and prevent an accumulation of ground on their surface. The lawn mower can be run over the marker without any fear of its defacing the letters or ornaments. This saves time and expense of hand-trimming the grass around the edges of the marker. Markers come with 4 inch bronze lugs.
